Learn how to clear generational issues, trapped emotions and trauma through the EYES! Learn specific intentions and higher consciousness: forgiveness, gratitude and praise *in all things*. Learn how to see darkness leaving and generational issues shifting. Hear validating quotes from scripture on principles used in DER. Understand curses to the 3rd and 4th generation and what *you* can do about it. Practice DER processes on yourself and learn to work at a distance. Based on Tamara's second book *An LDS Approach to Energy Healing*. These classes have been held in UT, AZ, WY & ID.
